The Viewers and Surveyor were engaged Friday on the proposed alteration of the river road above town. A very satisfactory route, we understand, was agreed upon. It leaves the present road at Mr. COLE's bars, and running on good ground, and in a comparatively straight course, intersects the old road at or near the corner of Mr. REUBEN ALLEN's garden.

MRS. ABRAHAM MOCH, wife of the well-known clothing merchant of that name, died suddenly from paralysis last Wednesday night. Soon after dinner she retired to her room for some purpose, and her absence was so long that it attracted attention. She was sought for and found lying on the floor in an unconscious condition. Physicians were called in and every thing possible done to relieve her, but all efforts were unavailing. She lingered on unconscious until about three o'clock Thursday morning when she died.

Mrs. Moch was an estimable lady, with a large circle of warm and appreciating friends. She leaves five small children. The body was taken to Cincinnati for interment. Mr. Moch has the sympathy of the community.

Two members of the School Board are to be elected next Monday. The terms of Messrs. JAMES VANDEN and W. T. MINTURN expire. We cannot do better than re-elect them. The case of the State of West Virginia vs. Capt. JONATHAN HAMILTON, of the Wild Gazette, in which the BROWN BROS., owners of the Lullula and Humming Bird, are prosecutors, commenced in the Mason county Court, Judge Redmond presiding, on Thursday. The case was taken up from a magistrate, on a peace bond for \$4,000, the BROWN BROS. having sworn their lives and property against Capt. HAMILTON.

Among the participants in the recent West Virginia M. E. Conference we notice the names of Revs. McCabe, Prettyman, Griffiths, Adams and Bliff, the latter of the Rocky Mountain Conference.

EDWARD ROBERTSON, son of Mrs. MARTHA A. ROBERTSON, formerly of this city, was murdered at Toledo, on the night of the 31st of October last. The body was not found until some time in December last. When found it was in the water, and both legs were broken. The last seen of young ROBERTSON was with a lot of his young companions going out on the lake upon a fishing excursion. His companions state that they were driven ashore by a storm, and that in the storm ROBERTSON was drowned. The injuries to the body as above stated rather belie this. ROBERTSON was at the time of his death about twenty-five years of age. He left here about four years ago. At the time of his death he was a mail agent on the fast line between Toledo and Buffalo, holding that position under Postmaster General Jewell, of whom he was a relative.

ATTENTION is called to the Statement of the Millville Mutual Marine and Fire Insurance Company, of Millville, N. J.; it is a good showing. Call on A. F. MOORE, the agent, and get a policy in this sterling old Company.

ERWIN was suspended until the next time of the Court of Common Pleas, to allow counsel time to apply to the Supreme Court for a writ of error. Should error be found the case will be rehearing in this county. Judge NASH starts for Columbus on Saturday in behalf of ERWIN. In the meantime ERWIN remains in jail.

REV. E. W. ENAK, of the West Virginia M. E. Conference, was in this city visiting friends the first of the week. He supplies the pulpit at Charleston the coming year.

PROF. STEELE, the writing master, has gone on a few weeks' visit to his old home in Monroe county, West Va.

Under date March 21st the Columbus correspondent of the Cincinnati Gazette says:

Representative Stone, of Gallia, delivered an amusing lecture in the hall of the House to-night, on what he saw and heard while making a trip to Washington City.

The correspondent of the Cincinnati Times speaks of the lecture as follows:

The lecturer, in spirit, took his hearers from Columbus to Philadelphia, where he lingered for a time among the things Centennial that do there abound. He touched the old liberty bell, rummaging over an old pair of Washington's small clothes; saw John Hancock's picture face to face; wiped off the dust from a famous chair with the seat of his pantaloons; visited the mint and wished he owned it; speculated upon the size of the Centennial buildings; said a good word for a hotel keeper, and sped away to Washington.

This being the gentleman's first visit to the National Capital, he was, to draw it very mildly, much pleased with what he saw. His pen pictures of prominent men were in the main very good, while the mountain scenery along the Pennsylvania Road en route home was full of those words which only a highly delighted man can utter. The Speaker generously remembered to give a first-class notice to the Pennsylvania Central Road as a desirable medium for visiting the Centennial.

The lecture, as a whole, was very interesting, and was so voted by the audience.

IMPORTANT SOCIAL NEWS.

Among other incidents of the trip that interested as well as pained me, was the account of a delightful ride taken by Mr. Stone in a carriage owned by Hon. John L. Vance, the youthful Congressman from the Gallia District. The lecturer in graphic words told of the elegant appearance of the blooded team which drew the comfortable carriage with its yielding upholstery, its silver plating, and its highly varnished surface. I could have stood all this, but when he stated that the equipage was driven by a coachman in livery of shimmering broadcloth, it was too much, too much.

If this high toned rig had been the property of some bloated Republican bond-holder, it would be bad enough, but to have it owned by a Democratic defender of the people's liberties who wants more money, is enough to make a lover of Democratic simplicity weep.

We who knew Vance as the red hot editor of Democratic county printing so recently, did not expect he would so soon fall into the hollow formalities of the Republican court. Truly it is sad.

Here was a man much respected by his neighbors as a plain honest country editor. A man who knew a good article of leather shoestings when he saw it, and whose unbiased judgment would be of real value to an honest young man just starting in life, and yet he has so rapidly fallen in the ways of those who live amid the shimmer and glitter of the courts of effete respectability. A blooded team, forsooth, and outsiders in black broadcloth. Oh, John, go, to! go to!

The following prisoners were sentenced on Thursday by Judge KNOWLES:

JAMES W. ERWIN, murder in the second degree, penitentiary for life.

JOHN MCNEAL, grand larceny, same for five years.

The J. M. KERR, the neat little craft built for this place by the WARD brothers for the Gallipolis and Huntington trade, will be ready for business in from four to six weeks. She is designed to draw only about fifteen inches, which will enable her to navigate on the lowest water. Gallipolis is famous for supporting her local packets, and we predict a bright future for the J. M. KERR.

Our attention was called a few days since to a surgical operation performed by Dr. N. R. Sisson, of Porter. It was for the cure of a bad case of hair lip, and so skillful and neat was the operation that it required close inspection to convince one that the lip had ever been disfigured. The young man is JOHN W. GARDNER, and he lives with A. J. POWELL, Esq., of Springfield township.

To All Men—Grangers Not Forgotten.

It has always been a saying, that "Brag was a good fellow," and while there is no question about that, there can be no question about the fact that GOODS WILL TELL FOR THEMSELVES, when in the hands of him who wishes to buy for his own wear. It needs no Committee to tell him where to buy, for the quality and the prices will show for themselves. M. MOSES is the place where goods and prices will recommend themselves to the customer.

No better quality of material, nor better in the manufacture of the garment can be found in the city than is kept at MOSES'. Hundreds of People, including Grangers, who are wearing suits purchased here, testify to that fact. It isn't Brag that recommends them. Therefore, all ye people, Farmers, Grangers, Laborers and Mechanics, know ye that you should call at my store and realize the truth, that you make money by buying the BEST for the least money.

M. MOSES.

Business Notices.

To the Farmers and Grangers.

Without a doubt A. MOCH has now the largest, best and cheapest stock of Ready-made Clothing in Gallipolis. The Committee for the Grangers have taken ample time in the last four weeks to satisfy themselves who would be the best men, and who keeps the largest and cheapest stock of Ready-made Clothing in Gallipolis. They were men who had some experience, and know what goods are; and they found that A. MOCH is the best man to furnish the Grangers for the ensuing year, as he has done ever since the Grange came into existence, in Ready-made Clothing. They have made an examination in those Cheap Houses which are making such a noise every week in the papers about selling Cheap Clothing, but upon investigation they must have found it to be all humbug, as is plainly shown by recommending A. MOCH's Clothing House as the best and cheapest. Therefore, farmers and Grangers, if you want to save money when you need Clothing, call on A. MOCH, and he will charge you nothing, in case you do not purchase.

SHOBER'S Block, Public Square. A. MOCH.
